

Step 1:

If this patient already has a Faro10 account, select “ADD PATIENT”

If this patient does not have a Faro10 account, select “INVITE PATIENT”

The screenshot shows the 'My Patients' section of the Faro10 interface. It includes a date range selector (02/14/2017 to 02/28/2017), a filter sidebar with options for Race, Gender, Age Group, and Diagnosis, and a list of patients. The patients list has columns for Patient, Status, Avg Mood, Hospital, Panic Attacks, Suicidal Thoughts, Medication Consistency, Reports, and Actions. At the bottom of the list, there are two buttons: 'Add Patient' and 'Invite Patient', both of which are highlighted with red boxes.

Patient	Status	Avg Mood	Hospital	Panic Attacks	Suicidal Thoughts	Medication Consistency	Reports	Actions
davidcpell	active	0	0	0	0	5.0%	Select	[Add] [Remove]
josh223gr	active	5.0	0	0	1	6.0%	Select	[Add] [Remove]
josh22r	active	111	0	0	0	22.0%	Select	[Add] [Remove]
lrob43	active	0	0	0	0	1.0%	Select	[Add] [Remove]
memirooker	active	0	0	0	0	no meds%	Select	[Add] [Remove]
michael	pending	0	0	0	0	no meds%	Select	[Add] [Remove]

Step 2:

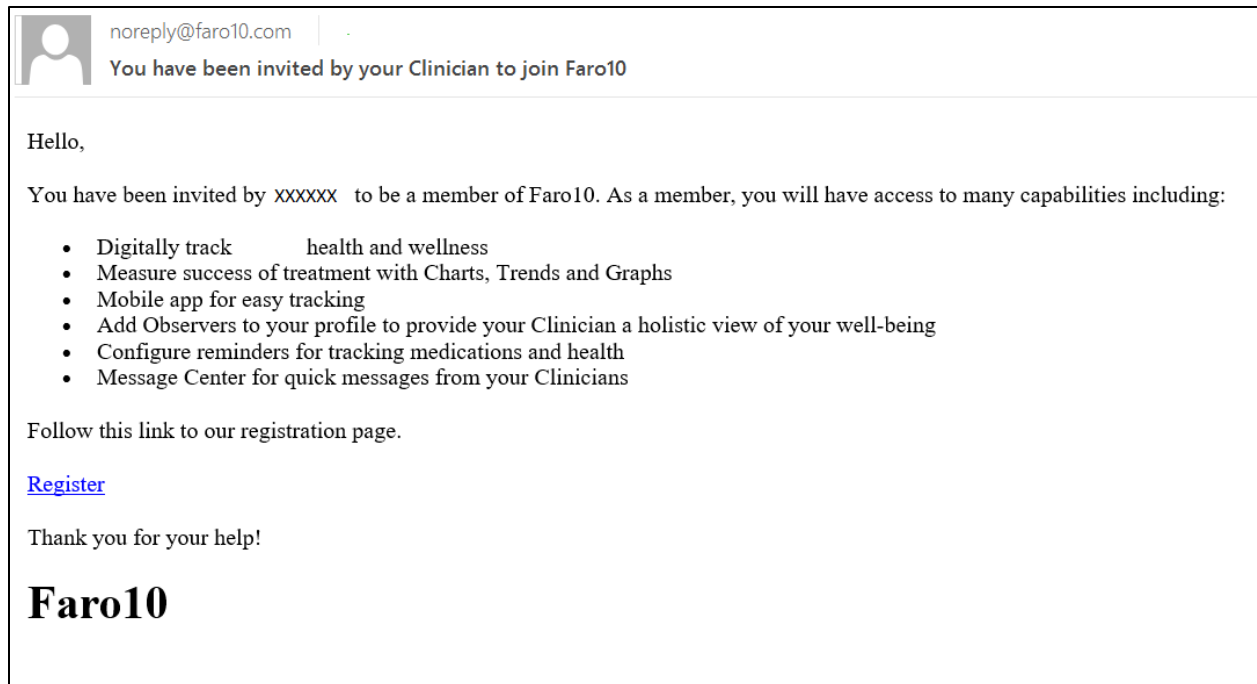

If adding an existing Faro10 user to be a patient; Enter the email address of the FARO10 user

The 'Add Patient' modal form contains the following text: 'Insert your Patient's email address **if they already have a Faro10 account.** If your patient is not yet registered, send them an invitation.' Below this is an 'Email Address' input field with the text 'michael@gmail.com'. At the bottom right, there are two buttons: 'Close' and 'Add Patient'.

If inviting a Patient to create a Faro10 account, Enter the email address they would like to use to register. This will send them an invitation with information about Faro10 and a link to registration.

The 'Invite a Patient' modal form contains the following text: 'Insert email address of the Patient you would like to invite. Once they have registered, you will be able to add them to your Patient List.' Below this is an 'Invite by email address' input field. At the bottom right, there are two buttons: 'Close' and 'Send Invitation'.

Here is a sample of the email that is sent

Step 3:

Once an existing Faro10 user has been added as a patient, they will appear in your patient list as “Pending”.

lrob43	active	0	0	0	0
memirooker	active	0	0	0	0
michael	pending	0	0	0	0

Showing 1 to 3 of 3 entries

Add Patient
 Invite Patient

Step 4:

Before you will have access to review this patient’s data or assign exercises, this patient must “approve” you as their clinician.

Patients can do this by logging in to either their mobile app or a web browser, and going to the “My Team” section. They will have a pending approval request. Once they select the “approve” option, their status will change to “active” and you will then have access to their information.
