Easy to use Mobile and Web tools

- ❖ **Simple to Use:** Track your health with the easy to use mobile app
- ❖ **Robust charts display health in real-time** to aid in recognizing patterns, treatment effectiveness, and symptom changes
- ❖ **Add Observers:** This is a great feature that allows loved-ones to provide feedback regarding your health into your account (They cannot see anything you record)
- ❖ **Journal** allows you to record thoughts that can be viewed and reviewed during treatment sessions
- ❖ **Tracking your energy, sleep and emotional status** to recognize health patterns
- ❖ **Add your Clinician** to your account to share your data with them

Thank you for using Faro10!
